Education.

THERE ARE MANY CHANGES

INCREASE ALSO MADE TO LIST

MANY changes were made in the assignment of the teachers in the various schools by the board of education committee on teachers at school week, which met yesterday afternoon, and many additions were made over the list of the preceding year. At the time of the accident, the document asserts, Spiking was 32 years of age and in good health and abounded. He earned \$8 per day and upon his earnings his wife and children were dependent. For damages resulting from the carelessness and neglect of the company the plaintiff asks for the amount stated.
